ILLINOIS SASP

A Note from IL SASP

Once you are approved by the IL SASP to participate in the Federal Surplus Property Program, you should receive login details for **GSAXcess**, where you can access 1000's of items that are available to you through the Federal Surplus Property Program. The best part...through IL SASP, those items are FREE!

If you do not have your log-in information for **GSAXcess**, please contact our office at cms.gsa@illinois.gov today in order to start searching for and requesting Federal Surplus Property.

PandaDoc

Almost all of the documents required for participation in the program are sent out via PandaDoc, our document generation and e-signature automation platform. PandaDoc makes it easy for you to receive, complete, sign, and send us documents online with just the click of a few buttons.

You do not need a PandaDoc account for completing these documents, you only need to follow their prompts from start to finish.

Exchange Sale / Fixed Price

Do you see a box checked under "Reimb"? Some property listed in GSAXcess has a cost associated with it, is not Free, and does not go through IL SASP. This property is only able to be purchased by Public Agencies that are taxpayer funded. If you are a taxpayer funded donee, the purchase of the property is done directly with the agency who has listed the property.

Property Restriction Period

The restriction for period for property under \$5000 is 12 months and 18 months for over \$5000, unless it is perpetual property. When in restriction, property cannot be sold, loaned, leased, etc. Please see terms and conditions for full details.

Completing the Property Request Form

66

The information you provide on the Property Request Form will be a determining factor in the approval of property through the Illinois State Agency for Surplus Property. The request form is available on our website at www.illinois.gov/fedsurplus. Only the current version of the request form is accepted.

Did you know that entities such as contractors are not allowed to utilize equipment allocated to a donee? It is considered a loan. This also applies even if there are partnerships, joint ventures, and teaming arrangements in place. Only actual employees may utilize the equipment.

TIPS FROM IL SASP

Did you know that donees who have locations in other states are able to join in each of those SASPs? Did you also know that if a donee is disbarred and unable to acquire property in one state, they are unable to acquire property in any state?

Surplus Personal Property for veteran-Owned Small Business Programs

Eligible veteran-owned small businesses can apply to receive federal surplus property.

The General Services Administration's (GSA) Federal Surplus Personal Property Donation Program enables certain non-federal organizations to obtain personal property that the federal government no longer needs. Eligible veteran-owned small businesses can now work with the U.S. Small Business Administration (SBA) to access federally-owned surplus personal property through the donation program.

Eligibility

VOSBs may obtain federal surplus property from the State Agencies for Surplus Property (SASP) in the state where the property will be primarily located and placed in use. In order to meet the baseline eligibility requirements, the VOSB must be:

- ★ Located and operated within the state
- ★ Unconditionally owned and controlled by one or more eligible veterans, service-disabled veterans, or surviving spouses
- ★ Registered and in "verified" status in the VA's VETS First Verification Program database

Roles and Responsibilities:

- ★ GSA oversees the reuse and donation of federal personal property.
- ★ SASPs are responsible for managing surplus property disbursement.
- ★ The SBA educates VOSBs on what is needed to participate in the program.

Did you know that the Small Business Association (SBA) has developed a flier for Veteran-Owned Small Businesses interested in the Federal Surplus Program? Click [**HERE**](#) to download a copy to provide to potential Veteran-Owned Small Businesses.
